

# The Elks Want To TAN YOUR HIDE

## ATTENTION: HUNTERS

The Elks are collecting deer, elk and other animal hides to be tanned and made into fingerless wheelchair gloves, which then are provided to disabled veterans to protect their hands during movement. We also distribute leather kits made from these tanned hides throughout the VA health-care system for use by disabled veterans.

*"So Long As There Are Veterans, the Benevolent and Protective Order of Elks Will Never Forget Them".*

Our veterans responded willingly to our call, and now it is only fitting that we respond to their needs.
